# **Adjustable Workstations**

Versatile solutions designed for comfort and ease of operation

Two outstanding products that let users configure their worksurface to fit their needs, quickly and conveniently. Both tables feature a wide range of height positioning without the use of tools. Our Marathon's counterbalanced system allows for smooth controlled height adjustment. We've engineered the Set & Forget Table to deliver the utmost in versatility and value.

Set & Forget Table

INTELLIGENT DESIGNS FOR A SMARTER WORKSPACE

## **Adjustable Workstations Advantages:**

- 15" of height adjustment- from 27.5" to 42.5"
- Counterbalanced to support loads from 75 to 225 pounds, permitting smooth, rapid adjustment using the convenient paddle release
- When used in conjunction with the Intellaspace PostionMate™, a bi-level worksurface is created that can be raised, lowered or tilted for maximum user comfort
- Unique sensing indicator gives clear directions allowing proper counterbalance adjustment
- Smooth, easy operation over the entire service life
- · Multiple foot lengths available with ultra-stable Unifoot Construction to accommodate various tops shapes
- Exceeds the ANSI/BIFMA X5.5, 1998 industry performance standard
- · Lifetime warranty

#### **Set & Forget:**

- 16.5" of height adjustment from 26.5" to 43"
- Adjustable forward tilt from 0" to 30"
- No tools are required to set height and tilt- easy-to-use adjustment knobs provided
- · Convenient grids on either side of table are used to set equal level height adjustment
- · Multiple foot lengths available with ultra-stable Unifoot Construction to accommodate various tabletop shapes
- · Lifetime warranty
