34.5" - Item No. 25886

40" - Item No. 23800

52" - Item No. 23801

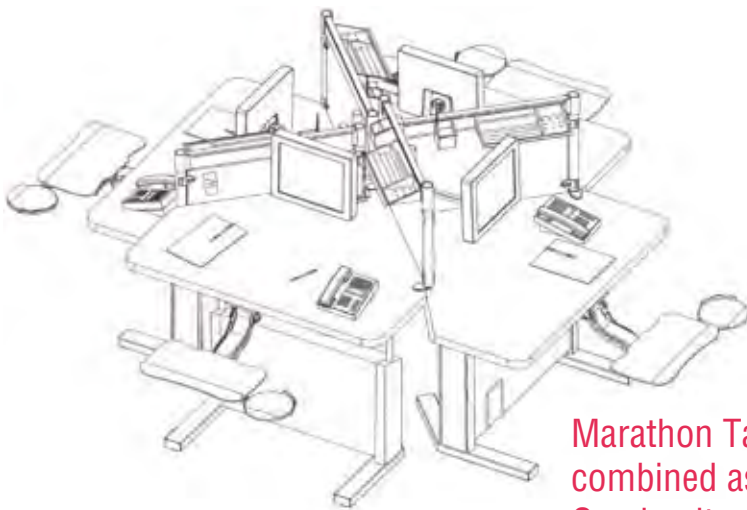

Work surface sold separately.

Marathon™ Adjustable Workstation

An outstanding product that lets users configure their worksurface to fit their needs, quickly and conveniently. The table features a wide range of height positioning without the use of tools. The Marathon's counterbalanced system allows for smooth controlled height adjustment.

- 15" of height adjustment from 27.5" to 42.5"
- Counterbalanced to support loads from 75 to 225 pounds, permitting smooth, rapid adjustment using the convenient paddle release
- When used in conjunction with the Intellaspace PositionMate™, a bi-level worksurface is created that can be raised, lowered or tilted for maximum user comfort
- Unique sensing indicator gives clear directions allowing proper counterbalance adjustment
- Smooth, easy operation over the entire service life
- Multiple foot lengths available with ultra-stable Unifoot Construction to accommodate various top shapes
- Exceeds the ANSI/BIFMA X5.5, 1998 industry performance standard

Marathon Tables
combined as a
Quad unit.
